

College Park Legion Nips Co-op For Little Baseball Championship

By Bill Moore

College Park Legion is the 1952 Greenbelt Little League Baseball Champion. Coach Mel Taylor's boys got that way by out-playing a hustling, scrapping Co-Op nine. Bernie Emmert's Green Tops went down swinging in the last two games, after copping the first in this final series for the title. Scores were 7-8, 8-6 and 7-4.

David Allen, who pitched to but two batters in the last inning in relief, was winning pitcher for Coop in the first game of this final Shaughnessy Series. Firman hurler Don McDonald, who pitched 3 and a third innings, was charged with the loss. Allen, Rich Fonda and DeWayne Barron were bat leaders for Coop with two hits apiece, one of Allen's going for a double. Barron and Fonda drove in three runs each. Third-sacker Eddie Mangold binged twice in three and Bobby Canning batted in 3 runs to pace the Legion.

LEGION 10 03 - 7 4 1
COOP 31 03 1 - 8 9 3
Sillaman, McDonald 2nd and Killy; Hogan, Allen 5th and P Johnson.

Wednesday evening found the Co-op off and running in the very first inning and looking very much like sure things to make the Championship Derby in two straight. The Green Caps tallied five times in the first frame in five walks, a hit batsman and hits by Fonda and Bobby James before pitcher Bob Canning could settle down.

Legion got one of these back in the third and exploded in hurler Sam Barron's face for 5 runs on 2 walks, an error and hits by McDonald, Donnie Eestep and Canning. The last named trio were bat pacemakers for College Park Post with two hits each including two-baggers for the latter pair. Dick "Never-Say-Die" Fonda tried hard to keep his Coop mates in the game with three smashing two-baggers! RBI's for Eestep 3, for Canning 3, for Mangold 2 and for Fonda 2.

COOP 50 00 01 - 6 8 1
LEGION 00 15 2X - 8 8 0

Barron, O'Neil 5th and Kelly; Canning and McDonald.

Skipper Mel Taylor had Donnie McDonald ready for the "rubber game" and the husky little curveballer, who rested by catching the day before, was equal to the task. H gave up a hit and two walks and hit a batter in the first inning but fanned Sammy Barron with the bases full to escape with just one run damage.

The Legionnaires hopped on Lefty Dave Allen in the second for 4 runs on three passes and two-run singles by McDonald and Eestep. They added two more in the fourth on a hit, an error and two unfielded cuts; their last run in the fifth inning was unearned.

Bernie Emmert's doughty young men made threatening gestures in the last inning, scoring 3 runs on two walks, an error and hits by Bob Jones and Allen—a brave attempt to pull their chestnuts out of the fire.

Tiny Pat Kelly, catching star of the Shaughnessy Play-Offs, suffered an injury at play during the day and had to sit out the final game. The versatile Sam Barron subbed for the hard-luck Kelly and did quite a job on several force plays at the plate.

The pitchers were the leading hitters, Allen getting a single and two doubles in 3 tries while McDonald batted in 3 runs with his 2 for 3.

COOP 10 00 03 - 4 5 2
LEGION 04 02 1X - 7 4 1

Allen and Barron; McDonald, Sillaman 6th and P. Johnson.

Notes: All Little Leaguers are requested to turn in to their respective managers in clean condition all parts of any uniform they See BASEBALL, Page 2

Facts & Figures On School Population

The Center school has 488 pupils registered, and more are expected within the next few weeks, according to Miss Hannah Long, principal.

Miss Thelma Smith, principal of the North End school, announces 307 registrations, and more are expected. There are 10 teachers.

Sister Rita Cassia, principal of St. Hugh's, announces a registration of 353 pupils, and 7 Sisters.

At the Junior High school, there are 883 pupils registered and 38 teachers, according to principal Allan Chotiner.

Local DeMolay Team Wins Jeweled Trophy

The Birmingham DeMolay Chapter, composed of Greenbelt, College Park and Beltsville youths, won first place in the Degree Team competition at the 16th Annual DeMolay Conclave, held in Baltimore, August 30 through September 1. The local Chapter also captured third honors in the rifle competition, having been nosed out of second place by a single point, and missing a first place win by a mere six points.

The Conclave, held at the Lord Baltimore Hotel, was attended by 566 members, representing Chapters from Maryland and the District of Columbia.

Birmingham's degree team under the leadership of Graham Houlton, brings to Greenbelt for the first time, the coveted Dad Heath Crown, a beautiful trophy, containing over 900 jewels, and valued at \$3,500.00. It was hand made by Dad Heath, who is advisor to Mt. Moriah Chapter and very active in DeMolay work. Seven hundred hours of labor were required to complete the crown.

The trophy is presented each year, on a one year basis to the best degree team in the area and must be returned the following year. However, each winning chapter is also presented a permanent trophy as a symbol of their achievement.

The rifle team is under the direction of Donald Kern and Sam Wallace, both of Greenbelt. Their achievement is especially significant, in view of the fact that the team has only been organized for two months.

Other activities held during the three day meeting included boating, soft ball, races and swimming.

The 22 Greenbelt youths who attended the conclave were accompanied by their advisors, Edward M. Hally, Sr., Frank White and Ray Reno.

Members of the winning degree team were: J. Schaffer, B. Turner, E. Farrar, F. Edmunds, B. Love, H. Smith, C. Townsend, M. Gers-tel, R. Nelson, K. Carney, J. Joyce, J. Beckham, J. White, D. MacKenzie, G. Houlton and E. Halley. The rifle team was composed of: J. Beckham, B. Lore, E. Halley and J. White.

Others attending were: A. Gers-tel, R. Slack, E. Dovel and C. How-ey.

What Goes On

Friday, September 12 - Services and Reception for Rabbi C. H. Waldman, 8:30, Social Room. GCS board meets, 8 p.m.

Sunday, September 14 - JCC Sunday School, 10 to 12 M., Center School. Band and Majorette Concert, 5 p.m. at the center.

Monday, September 15 - First day of kindergarten at North End and Center schools.

Wednesday, September 17 - Drop-Inn Bowling Team meeting for all teen-agers at Drop-Inn.

GVHC Okays Contract Will Take Over Jan. 1

By Harry M. Zubkoff

Tuesday night over 100 members of GVHC approved, with some modifications, the contract which the housing group will sign with the Public Housing Administration to purchase Greenbelt. GVHC President Mike Salzman anticipates an early signing, within 10 days.

The contract outlines in detail the exact terms and conditions under which Greenbelt will be sold. With only one exception, most of the clauses were accepted with a minimum of discussion. The controversial clause, which evoked considerable discussion, had to do with the question of loyalty. This clause read:

"The purchaser shall not at any time accept or retain as a tenant or occupant of any part of the premises, or as a member, officer, director, employee, or consultant of its organization, any person who is a member of an organization designated by the Attorney General of the United States as subversive, or who advocates, or is a member of an organization which advocates, the overthrow of the Government of the United States by force or violence."

In the discussion which allowed the reading of this clause it was pointed out that:

1. In the discussion which followed torney General's list have not yet had an opportunity to defend themselves against the charge of being subversive and have not been officially adjudged subversive;

2. Under the American democratic tradition a person is innocent until proven guilty and membership in an organization charged with being subversive does not constitute proof of subversion;

3. There is no provision for investigating applicants for membership in GVHC, or for investigating current members, or for administering or enforcing such a ruling;

4. The adoption of such a clause in the contract is meaningless and foolish unless GVHC is prepared to conduct investigations or to require members and applicants to sign loyalty pledges.

On the other hand, both Salzman and Attorney Norman Altman pointed out that:

1. PHA had accepted as a mandate from Congress the necessity for such a clause in its contract;

2. PHA would insist upon this clause, even to the extent of holding up the sale if necessary, until it is accepted;

3. The only requirement on the part of GVHC imposed by the acceptance of this clause would be an amendment to the by-laws to exclude subversives;

4. Enforcement or administration of such a ruling is not called for by PHA and, in any event, is impossible of accomplishment by GVHC. The clause does comply with Congressional wishes and should be accepted in that light.

Other clauses in the contract re- See GVHC, Page 4

Plea For Two-Way Radio Delayed; PHA, City To Discuss Utilities

By I. J. Parker

A 2-way radio system for the police department was considered by the city council at its regular meeting last Monday night and placed on the agenda for the next meeting. Recommended by City Manager Charles T. McDonald, the radio system would cost about \$3000. The money would come from the "replacement account," funds set aside each year to replace and repair police equipment. Much of the money has been invested in government bonds., McDonald discloses, and about \$2500 interest has accrued. The remainder would come from unusual replacement reserves.

City Manager McDonald and City Clerk Winfield McCamy greet Frances G. Stouffer at a dinner given in her honor the week of her retirement. Fellow city workers presented Mrs. Stouffer with a handsome travelling case.

Since the present radio system depends largely on the Hyattsville radio board (which the rest of the county uses) delays up to 40 minutes have occurred in relaying messages to police officers cruising in their patrol cars. The system proposed would permit direct communication between the switchboard in Greenbelt and the patrol cars. Also, a radio pack to be worn on police officers' shoulders would be incorporated in the system.

Once Disallowed

A request for such equipment was made in last year's budget negotiations with Public Housing proved by the federal agency. Administration but was not approved. County authorities have approved and fostered the use of such equipment, and recommend it to the central radio board.

Councilman Steve Comings stated that he favored the use of the system but was not in favor of using the suggested funds for such a purpose. "That money cannot be touched by PHA and represents a small cushion for emergencies. I don't think this is the time to use that money," he stated. It was decided to put the matter on the agenda for the next meeting so that the request could be considered more closely by council members.

UTILITIES

Mayor Frank Lastner and McDonald will meet this week with officials of PHA to discuss dedication of utilities to the city, it was disclosed. Water, electricity and sewerage are involved in the discussions which will take place at the request of PHA. McDonald reminded the council that an original request to discuss the problem was made by the council over three years ago.

Council notes: "A real loss to the community," Mayor Lastner called the retirement of Public Health Nurse Frances Stouffer. . . . Library fines and police tickets vie with each other for the fifth straight month in total revenue to the city! . . . The Russian Embassy notified the city last week that "unfortunately" it cannot continue to mail the USSR Bulletin to the library as its distribution has been suspended by the State Department. . . . It was a hot topic of debate in former council meetings. . . . A testimonial from the Ryukyus Island government was received by McDonald in appreciation of his time and attention when a Ryukyu delegation visited Maryland last summer. . . . Mayor Lastner received a request from Look magazine to explain the reasons for the low traffic fatality rate in Greenbelt for use in a future article in Look. . . . No polio in Greenbelt yet. . . . All council members have their fingers crossed. . . . No serious incidents in the swimming pool for the full summer. . . . Swimming pool manager complimented. . . . The new Baltimore Freeway will by-pass Greenbelt with nary an entrance between Riverdale and Laurel! . . . New salary schedules were voted for two new jobs: dancing instructor (square dancing under recreation department) and part-time public health nurse. . . . Applications for both positions now being accepted. . . .

3 Dates Set For New Voters' Registration

New Maryland voters must register this month before they can vote according to information from Alberta C. Tompkins, voters service chairman of the local League of Women Voters.

Qualified local citizens may register to vote on Friday, September 19; Tuesday, September 23; and Tuesday, September 30, from 9 a.m. to 9 p.m. at the Greenbelt fire house.

Would-be registrants must have lived in Maryland one (1) year and in the congressional district six (6) months before election day, November 4.

Band Offers First Fall Concert Sunday

The Greenbelt Community Band and Majorettes have prepared another free concert including some new and popular numbers, to be held 5 p.m. Sunday, September 14, at the Greenbelt Center.

The Band members have practiced conscientiously throughout the warm summer days to give the public a variety of new numbers and are grateful to the Band's former members who have loyally participated while on vacation here.

There are still a few vacancies open in both the Feeder and Senior Bands. The fees remain modest so that no parent whose children like band or orchestra music will feel constrained to neglect the opportunity to give them the excellent training offered by Dana Garrett, the director.

It is requested that all members report promptly in summer uniforms at the Center School at 4:30 p.m.

GREENBELT COOPERATOR

AN INDEPENDENT NEWSPAPER

OUR PURPOSE:

1. To report Greenbelt news fully, fairly and accurately.
2. To serve the best interests of the cooperative movement.

26 Days To Elections

With the new season people are sloughing off summer lethargy. Housewives and politicians are cleaning house; children are collecting new notebooks; the wits and the hucksters are already counting the shopping days till Xmas. WE are counting the days till election — 26 to be exact.

A new crop of voters will be registering this month. In a presidential year it is bound to be a large one. But in any year it could be larger, were it not for the parents who pooh-pooh politics and the men in the street who know that everything is "fixed."

This is the time of the year to clear the cobwebs from some of the words we use. Politics, for instance, is not "dirty." It is, according to Webster, "the science and art of government," or "political affairs viewed as a profession, interest or the like." Sometimes, it is true, politicians use "dirty" tactics. In fact, wherever the vote is lightest, the machine is strongest.

Everybody knows by now that voting is a privilege and a responsibility. Past experience appears to prove that it is not enough merely to know. The good citizen understands that his vote is more than a token salute to his sixth grade civics teachers; that his vote ought to reflect thought, reading and discussion. The good citizen respects the intrinsic power of his vote and casts it neither lightly nor in cynical distrust but with the conviction that in some measure it must and will affect the welfare of his country.

Izaak Walton Outing Nets Fish, Prizes

The Izaak Walton League outing, fishing contest and casting tournament was held Saturday, September 6, after being delayed from Labor Day by a hurricane and heavy rains.

Water at the lake was high and muddy, and as a result no bass were entered by contestants in the fishing contest, but many bluegills were taken and one brown bullhead. Winners of the grand awards (complete fishing outfit, donated by Better Fishing, Inc., of Chicago, Illinois) were: Lesley Robinson, 7 years old, in the girls' division with a .52 pound bluegill and Harvey Goldstein, 13 years old, in the boys' division with a .31 pound bluegill.

Prizes were given for casting accuracy and casting distance in the following age groups: under 8 years old, 8 to 11 inclusive, 12 and 13, 14 through 18 inclusive, and over 18 years old.

There were door prizes and the public drawing of the Izaak Walton League raffle. Winners were Beverly Gusz of 6-Z-5 Plateau Place, \$100 worth of merchandise in the Co-op store, and Beulah Buzkin, 6-N Ridge Road, a \$50 Defense Bond.

Prizes were awarded by City Manager Charles McDonald. The League anticipates that this will become an annual affair.

Interested persons are invited to attend the next regular meeting of the Izaak Walton League, Greenbelt Chapter on September 11, at 8:30 p.m. in the Fireman's Hall.

BASEBALL from page 1
may have - excepting caps. The caps are here and now property of the individual lad. Please get these uniforms in to your manager immediately.

Parents of Little Leaguers are reminded that the 1952 Greenbelt Little League Baseball Banquet is set for September 24. Please make your intentions known soon.

Teachers Expand Art, Music In Greenbelt

For several seasons a Greenbelt housewife and mother has been making the most of her training as an artist in giving lessons to local youngsters and their parents. Mrs. Sar Shiren, 8-D Hillside, hit the national press with her outdoor exhibits of children's art work, done under her supervision, and has interested a wide local audience in her projects.

This year she announces registration for her classes in charcoal and pencil sketching, oil on canvas, and sculpture to be held at her home from 9-10 p.m. Classes for adults will be held on Fridays and Saturdays and for children on weekdays. A few scholarships will be available to children whose talent and interest appear noteworthy.

Mrs. Shiren plans to repeat performances of her outdoor shows in the spring, when children and adults will exhibit separately and prizes and additional scholarships will be awarded.

Simultaneously, and in an entirely different field, another innovation in local culture is being undertaken this year by Mrs. Lee Mirabella, 35-J Ridge, pianist, composer and teacher of music, as well as mother of twin girls. A 1952 postgraduate of Peabody, Mrs. Mirabella has accepted a limited number of students to whom she is offering an intensive study of music theory, in addition to group lessons in piano and musicianship.

Dollars and Sense

The Lemon and You

Recently the newspapers featured a story about a young man who painted lemons on his newly-purchased Ford to indicate his opinion of the car. It seems that the dealer didn't take kindly to his parking the car thus decorated in front of the showroom. The young man was brought into court on the matter. Actually the case was of interest to all consumers because it focused attention on the whole problem of the lemon and the consumer.

Two Kinds of Lemons

Actually there are two kinds of lemons which it could be your misfortune to purchase. First, there are defects that arise in the manufacturing process, with a certain small percent of items turned out defective. Second, there are defects due to faulty engineering, which are common to all items turned out. Of the two, manufacturing defects are more easily remedied. Generally, the warranty period on appliances is designed to take care of manufacturing defects. Faulty engineering common to all items turned out is a more difficult matter. Very often, such defects don't show up until the warranty period is over. Sometimes the fault is inherent in the design and can be remedied, if at all, only at substantial cost. Engineering defects can cost a company large sums of money to abolish. If the company is small, it can be ruined by the expense.

In large part, defects in engineering arise from inadequate testing of "designs on paper." The desire for scooping competitors with "something new" too often shuts out a highly-desirable testing phase.

Manufacturer's Responsibility

In any manufacturing process there is bound to be some percentage of defective products. It is very desirable that the manufacturer, rather than the consumer buying the lemon, pay to remedy these defects. Only when the manufacturer or his agents pay to correct these defects can the proper balance between speed in manufacture and craftsmanship of product be realized.

A similar argument holds for engineering defects. The responsibility for faulty engineering belongs with the manufacturer. With such responsibility established, the manufacturer is least likely to gamble on untested innovations. NEXT WEEK: Some ways you can protect yourself against lemons.

COMMUNITY CHURCH

Eric T. Braund, Minister
Telephone 7931

Saturday, August 30 - Landscape

Friday, September 12 - 7:30, Board of Ushers; 8 p.m., Special Building Committee in church office.

Sunday, September 14 - Church School meets as follows: 9 a.m., Primary and Nursery; 10 a.m., Juniors through Adults; 11 a.m., Kindergarten, Beginners, and Nursery. 9 and 11 a.m., Church worship. Sermon by the pastor, beginning a series of sermons on Great Themes of the Bible, the first being "The Bible Speaks on the Judgment of God." At 11 a.m. the Senior Choir will sing Handel's "Holy Art Thou."

Monday, September 15 - 8 p.m., Evening Guild (postponed from last week). 8 p.m., First session of Fall Training and Orientation Course for new and prospective church school teachers, in the church.

Tuesday, September 16 - 8 p.m., Second session of training course, Mrs. Josephine H. Kyles, speaker.

Wednesday, September 17 - 8 p.m., Senior Choir rehearsal.

Thursday, September 18 - 7 p.m., Cloister Choir rehearsal. 8 p.m., Third session of training course, "The Story of our Bible" filmstrip. 8:15, Church Women's Discussion group meets with Mrs. Paul Linton, 14-E Crescent.

Friday, September 19 - 8 p.m., Fourth and last session of training course; lecture and discussion led by Rev. Braund.

Sunday, September 28 - Promotion and Rally Day. All church school classes will meet at 10 a.m. 11 a.m., Recognition service for all teachers of church school.

Sunday, October 5 - World-Wide Communion and Joash Chest observance. Reception of new members.

PERSONALS

Mrs. Dorothy Hart, former Greenbelter, held open house at her new home in University Hills from 4 to 7 on Sunday, September 7. She entertained sixty of her very close friends. Miss Barbara Dickhaut and Miss Doloris McWilliams poured. Co-hostesses and helping to entertain were Mrs. Cass McWilliams and Mildred Kickhaut.

Mr. and Mrs. Seymour Levine and son Allan, of 37-G Ridge, have brought back regards from Howard and Eva Thomas, former Greenbelters who are now living in Fountain City, Tennessee. They built the home they occupy with their own labor, farming out the electrical and plumbing installations. The Levines report that theirs is truly a beautiful home, set on wide ample grounds.

Officer and Mrs. Austin R. Green entertained the members of the Department of Public Safety and their wives, as well as Mr. and Mrs. Charles T. McDonald, at a lawn party at their home on Labor Day at 8 p.m. The lawn was gaily lighted and attractively decorated with colored streamers. Games were enjoyed with horse-shoe pitching winning approval of all, particularly Mr. and Mrs. Matthew Wrenn who became champions by winning four straight games. Chief George J. Panagoulis made a capable chef, and made sure that all were fed with plenty of hot dogs and hamburgers. The condiments and baked beans were likewise delicious and accompanied by soft drinks aplenty. Paul Kasko was also on hand to photograph any and at all times, particularly at "off moments." Music was furnished by transcription and the members all agreed that it was a very pleasant evening and thank both Mr. and Mrs. Green for their untiring efforts to make it so.

Ten Years Ago Today

Top story (and editorial) for September 11, 1942 (a Friday) was under the banner headline **WPB SAYS 'NO' TO NEW SCHOOL PLANS.** With the new defense houses completed and residents expected daily, manager Roy S. Braden was predicting "double shifts" for the Center school and Greenbelt High. Construction on the North End School and additions to the high school, promised the preceding winter were court-martialed until "all present facilities are being used at 200 percent of capacity." Three hundred students had reported to Greenbelt High and 563 to the seven-grade Center school, with a start of 106 for kindergarten.

The Citizens' Association hit the front page twice with a proposed "truth-and-consequences" meeting and "a September Dance to Aid Russian War Relief Fund." Profits from the dance were to help fill Greenbelt's quota in the 100,000 assigned to the Washington area "to swell the Russian War Relief Fund." (Now we're raising dough for relief from Russia.)

Just a little reminder that some member of the club will visit you any day now for your contribution as an honorary member in the club for the coming year. Try and help us put the drive over. Thank you.

Little League Stars Play Midgets Sunday

By Bill Moore

The six Little League baseball managers met Sunday evening at Bernie Emmert's house to choose an All-Star team out of our local 90-boy league. They decided to nominate three boys, position by position, with 5, 3 and 1 points in the order of their choice.

The following is a tabulation of their choices for an all-star team which will function, not only on paper, but on the field in a game at 2 o'clock Sunday at Braden Field with Caldwell Baker's Midgets. The number after each name represents the voting points polled by each lad.

Pitchers: Don McDonald, 24, Legion; Barry Petroff, 23, Redbirds; Fred Slaugh, 18, Bowlers; Mike Nance, 13, Indians. **Catchers:** Pat Kelly, 27, Co-Op; Lew Castle, 13, Co-Op. **First Base:** Dick Fonda, 28, Co-Op; Don Estep, 22, Legion. **Second Base:** Bernie Emmert, 30, Waltons; Bobby Huff, 19, Co-Op. **Third Base:** Bobby Jones, 24, Co-Op; Eddie Mangold, 23, Legion. **Shortstop:** Ron DonBullian, 30, Legion; Jack O'Neil, 19, Co-Op. **Left Field:** Bob Canning, 22, Legion; Ron Newman, 17, Bowlers. **Center Field:** David Allen, 27, Co-Op; Wesley Hogan, 22, Co-Op. **Right Field:** Denny Moore, 25, Legion; Billy Paige, 10, Indians.

Also nominated in utility capacity for their hitting ability and all-around, play are Kenny Reamy, Billy Merin, DeWayne "Sammy" Barron, and Bobby Lovett.

My Daze

MY GRANDMOTHER'S VIEW OF HOUSEKEEPING, expressed half a century ago, could be profitably adopted by those of us who are today overly concerned with what seems a discouraging battle against domestic dust and disorder. The litter of the family's activities, often making the household resemble a hurricane's wake, can be embarrassing to the lady of the house when confronted by casual visitors. Grandmother said, about this, "God forbid that our home achieve the neat perfection of an empty house undisturbed by living persons."

ENROUTE TO A SOJOURN in the Blue Ridge Mountains we stopped to admire one of the seven natural wonders of the world, the Natural Bridge in Virginia. Equally monumental was the patience of the old Negro man in the Arcade entrance to the bridge who sat jabbing at and scraping off the floor dirty bits of gum which had been trampled into the ground by countless thousands of sightseers. This Herculean task brought to my husband's mind the pastime of some South Pacific soldiers during World War II, which was to achieve a high shine on their aluminum mess kits by scratching them with needles. A complete job on a mess kit took several months.

AT THE RECENT MEETING of the Prince Georges County commissioners and the Committee for Public Kindergartens, a suggestion was made by a commissioner that revenue from legalized gambling might be used to support public kindergartens. I'm hoping there's some better way to send the kids through kindergarten! That charming suggestion is enough to make me join the League of Women voters and find out what's going on around here, anyway. **ON OUR DAUGHTER'S FOURTH BIRTHDAY** a cake with candles followed the evening meal. "Let me have a piece of that four-year-old birthday cake," she said after the formalities were over.

Daisy.

Girl Scout Leaders Plan First Meeting of Season

Girl Scout leaders and officers will hold their first meeting of the fall term Tuesday, September 16 at 8:30 in the social room of the Center school.

Plans for the years activities will be discussed. Mrs. Adelaide Weidberg, district chairman, has announced that additional leaders and assistant leaders are needed if all girls on the waiting list are to be assigned to troops. She urges all mothers who are able to assist with scout work to attend the meeting.

Constable's Corner

By David Reznikoff

First stolen car in Greenbelt - A Mr. Burton from North Carolina visiting Carl Gussio of 2-J Westway reported his cream and blue top 1948 Pontiac missing Saturday night. The police have made every effort to locate the car for Mr. Gussio's visitor, but so far have failed to turn up any lead. The tag No. is C.P. 2706 - Texas. **Alarm Fails -** The siren at the police station refused to summon the ambulance last Wednesday night at 11:30 p.m. James Week of 58-F Ridge Road appeared at the police station to ask for a phone in order that he could call the ambulance to take his wife to the hospital. Mrs. McCullen threw the alarm which did not work due to a faulty part damaged by last week's storm.

In his monthly report to the city on the Recreation Department, James "Donnie" Wolfe expressed pride in the fact that "we went through the season without a casualty."

Over 1700 children attended classes in the summer recreation program, including 285 in arts and crafts. The Model Club, currently working on planes as well as trains, will continue to meet daily after school.

Among the enthusiasts at the fishing classes, taught by the Izaak Walton League each week, is "a lady 83 years young." Young diamond players "brought down the curtain" on the Little League's "most successful season," with Taylor's team winning the play-off and becoming the champs of Greenbelt. Plans for the future Officer Green, who was present, then blew a blast on his car siren and the rescue squad members who were working late on the ambulance came in 16 seconds, and took Mrs. Week to the hospital, getting her there just in time to have her third baby. **Lost Children -** Officer Williams spent a busy day Monday finding and looking for lost children. At 6 p.m. he found one in the center, at 8 p.m. State Trooper Kaiser reported one on his doorstep at the North end of town, who was returned home by neighbors who had recognized him. At 8:40 Mrs. Bickford called to report her daughter Carole missing since 7. After looking until 8:55, Mr. Bickford interrupted his search to call home. It was Carole who answered. **Vandalism On Busses -** Chief Panagoulis wishes to warn the children of Greenbelt that any child seen on or about the school busses while parked will be punished as far as the law will allow. **Glass Cuts Child -** Patrick Kelly of 9-M Southway was cut on the scalp when another child accidentally swung a piece of glass. He was treated by Dr. Wodak and released. **The Lord Knows It's Hard Enough Without This -** Last Saturday, between 7 and 10 a.m., unknown parties helped themselves to the J.C.C. mortar-mixing trough, which weighs about 400 lbs. or more. This theft cost the men who have been building the JCC by hand two full working days and the trough. **The JCC** is offering \$25 as a reward for information leading to the arrest and conviction of persons involved in the theft or vandalism on their property.

Boy's Club Activities

By Lee

The Greenbelt Boy's Club baseball season has drawn to a rather unusual close. For the first time in the history of the club, our baseball teams failed to come through with one championship in the county. By an odd coincidence all three teams lost their deciding game in three successive days. Seems as if the losing fever was catching! First the Oriole juniors lost the deciding game in their section to Green Meadows by a close score of 5 to 4. That was in the semifinals. Then the Intermediate Bluejays lost to Edmonston by the score of 4 to 1 in their first game of the finals putting them out. Finally the Midgets lost to Takoma Park by a heartbreaker of 2 to 1 in the final inning in the semi-finals. These games were lost in successive days! Juniors September 2, Intermediates, September 3, and Midgets September 4. All the teams went up to the finals or semi-finals but lost out there. Seems like the competition in the County is becoming much stronger, which makes for better teams in the future. We are looking forward to next season when we hope to come up with three good teams. The final baseball game of the season will be played Sunday afternoon, September 14 at 2:30 p.m. at Braden Field between the Boy's Club Midgets and an all-star team selected from the players in the little league. Come on down and see the boys wind it up in grand style.

FOOTBALL

All boys interested in the 90-lb. football team report to Coach Chester Speziale at 9 a.m. Saturday, September 13, at Braden Field. Practice sessions for the 90-lb. team will be held every weekday at 4 p.m. at Braden Field. All you 90-pounders come down and try out for the team. Plenty of positions open.

The 150-lb. team practices every evening at 6 p.m. at Braden Field. Coach Rousseau advises that there are plenty of positions open, so any of you interested, come on down and try out. Report to Coach Rousseau or Dean.

Baseball Uniforms! Oriole Juniors, get your uniforms clean and Coach Moore will pick them up. Intermediate Bluejays: turn in your uniforms clean to Mr. Goldfaden this Saturday morning, September 13, at the Center school at 10 a.m. Intermediate B: turn in your uniforms clean to Donnie Wolfe. Don't forget, boys, get these uniforms in now so they can be stored and will be on hand for use next season. Don't make the coach have to remind you. See you later.

Wolfe's Tales

Teen-Age Bowling to Start

The first meeting of the Drop-Bowling Team will be held at 8 p.m. this Wednesday, September 17, at The Drop-Inn. Mrs. Andrusic and Mr. Frady request all teenagers to be there in order to ascertain how many would like to play on the team. Plans are to bowl once a week instead of every other week as last year.

GVHC from page 1
quire that GVHC will not change its Articles of Incorporation or its By-laws without the written consent of PHA. The contract provides that 1053 of the dwelling units, or two thirds, be sold in order to consummate the sale. (GVHC members recently voted that 90% of the money value of the houses be sold before consummating the sale.) An interesting sidelight was the fact that PHA agreed to carry on its maintenance functions as usual, until GVHC takes over. (Whether this is good or bad was not decided.)

New Year Landlord
The schedule as set up now calls for completion of the sale on December 31, with GVHC taking over as landlord on January 1, 1953. This means that down-payments must be in by December 31, and preferably much earlier, if GVHC is to comply with the requirements. At present 844 units have been sold. Bob Davenport, chairman of the membership drive, confidently predicts that the remaining 209 necessary to complete the required 1053 will be sold with ease. As soon as this contract is signed, PHA will accomplish all moves within and into Greenbelt in accordance with GVHC membership lists. Tenants not buying will have one year, or until September 1953, of tenure.

PHA has already applied to the Office of Rent Stabilization for a rent increase and the authorization is expected in three to four weeks. Although PHA will not put this raise into effect, GVHC will do so on January 1, the day it takes over as landlord. This will bring the rent on unsold units to within 5 percent of the monthly payments on similar sold units. It is expected that after April 1, when rent controls expire, these rents will go even higher.

Roy K. Davis and Ralph Webster were elected to the Board of Directors to fill the vacancies created by the resignations of Earl Thomas and John Beckham. Herbert Hertz, Sidney Feldman, and Robert Garin were elected to the Audit Committee, after a motion to table the election was defeated.

NCJW Begins Season With Bake Sale Friday

The National Council of Jewish Women, Greenbelt branch, is holding its first general meeting of the 1952-53 year tonight in the Home Economics room, of the Center school at 8:30.

This year Council in Greenbelt is servicing a school in Morocco for girls aged 6 to 13 years. They are sending clothing, medical supplies and food stuffs.

The first annual bake sale will be held this Friday, September 12, in front of the theatre lobby, starting at 10 a.m. Besides many baked goods there will also be sold homemade baked beans, potato salad, knishes and similar delicacies.

Symphony Repeats Suburban Concert

The National Symphony Orchestra will repeat its Suburban Concert series during the 1952-53 season, according to John Colie, chairman of the orchestra's suburban committee. The National Symphony will present four concerts in the University of Maryland's Coliseum, all under the direction of Howard Mitchell. The dates are November 20, January 15, February 19, and March 19.

The internationally famous violinist, Yehudi Menuhin, will appear as soloist at the first concert on November 20, January 15, February 15, will be 16-year-old Roger Pries, son of Mr. and Mrs. Harold Pries of Silver Spring. Young Roger appeared as soloist with the National Symphony last season at one of the Orchestra's regular Young People's Concerts in Constitution Hall. The critic's reviews were outstanding, and young Pries's appearance with the full orchestra at the Coliseum is a much anticipated event.

Co-op Barbecue Includes Beer & Boating At Lake

Washington area cooperators have been invited wholesale to a large scale barbecue to be held at the Greenbelt Lake on Sunday, September 28.

Festivities are scheduled to begin at 1:30 in the afternoon, and include games, boating, square dancing, food, ice cream, beer and soft drinks. Events have been planned, organizers report, for family consumption.

Potomac Cooperators, Inc., the grocery wholesale, is holding its annual meeting earlier that day, at 11:30 a.m. in the Greenbelt Community Room, where the public will be made welcome. Tours of local co-op facilities will be conducted.

Reservations for the barbecue may be made in advance and information obtained through the Potomac Cooperative Federation office at 726 Jackson Place, in Washington, Republic 1078.

Whistle WHILE YOU WORK!

Relax! Stop worrying about that mortgage on your house. Occidental has a low-cost Mortgage Insurance Plan to make sure your family will have a home "without a mortgage" in case you should die and that you'll have monthly income if you are disabled. This plan eliminates the possibility that you or they will ever be faced with an eviction order because the mortgage couldn't be paid off. Ask
